

# KALTIRE

## Rolling Dice with Your Safety

&

## Rolling Over Fair Wages

- As a Union member at KalTire, I am presently **“Locked Out”**
- Skilled tire and auto techs making far less than other KalTire unionized shops
- Non-livable wages forcing a member to sell his car to make rent payments
- KalTire pockets markup in charge-out rates to customers
- The offer presented to me is not a “fair” contract
