Moveup

WHEREAS it is the intent and purpose of the parties to this Agreement that this Agreement is to provide orderly Collective Bargaining between the parties, to facilitate the peaceful adjustment of all disputes and grievances, to prevent strikes, lockouts, waste expense, avoidable and unnecessary delays in construction and repair work.

WHEREAS in accordance with the Company's core value of "Care", the parties will work together in pursuit of an environment where employees trust management and union leadership to provide an atmosphere in which employees are cared for.

NOW THEREFORE this Agreement witnesseth that, in consideration of the promises and mutual covenants and agreement hereinafter contained, the parties agree as follows:

ARTICLE I – RECOGNITION

1.01 The Company recognizes the Council of Unions as the sole bargaining agency for its employees as duly certified under the Labour Relations Code of British Columbia, for the purposes of Collective Bargaining with respect to rates of pay, hours of work, and all other working conditions. Wages and classifications shall be set out in appendixes attached hereto and forming part of this Agreement.

1.02 No Discrimination - Neither the Union nor the Company, in carrying out their obligations under this Agreement, shall discriminate against a person regarding employment or any term or condition of employment, including hiring and promotion, because of the Indigenous identity, race, colour, ancestry, place of origin political belief, religion, marital status, family status, physical or mental disability, sex, sexual orientation, gender identity or expression, or age of that person or because that person has been convicted of a criminal or summary conviction offence that is unrelated to the employment or to the intended employment of that person.

This does not apply:

- a) As it relates to age, to a bona fide scheme based on seniority
- b) With respect to a refusal, limitation, specification or preference based on a bona fide occupational requirement.

ARTICLE II - MANAGEMENT RIGHTS

- 2.01** The entire management of the Company and the direction of the working forces are vested exclusively in the Company and the Union shall not in any way interfere with those rights.
- 2.02** No employee will be disciplined or discharged except for just and reasonable cause.

ARTICLE III - UNION REPRESENTATIVES

- 3.01** The Representatives of the Unions will be placed on a pre-approved list by management so that they shall have timely access to the Company's Shops or Yards. Attendance will be at the least disruptive times, whenever possible, (i.e. coffee and lunch breaks) provided that eligible workers are not caused to neglect their work, and will follow Company security protocols while on site.
- 3.02** No Shop Steward, Safety Committee member or any employee shall be discriminated against or jeopardized in seniority standing or suffer any loss of employment on account of membership or activity in the Union.
- 3.03** The Unions shall each select a Shop Steward from each shift for the Shop Steward Committee and such Committee shall be recognized by the Company. The Shop Steward Committee shall meet with Supervisors during day shift working hours in the afternoon on the last Thursday of each month, at a time designated by the Company, to discuss workplace issues. Each meeting will have an agenda created and minutes will be taken. One (1) Poly-Party Shop Steward and one (1) Supervisor shall co-chair each meeting in an effort to streamline and add efficiency to the meetings. The Shop Stewards will be provided with forty-five (45) minutes to meet prior to the one (1) hour meeting with Supervisors.

Afternoon and Graveyard shift stewards will be paid straight time for attendance and may attend virtually.

- 3.04** A shop steward from the members Union shall be present at any disciplinary meeting and/or investigative meeting that may lead to disciplinary action against any member of the bargaining unit. In the case of Local 506 members, the Company will endeavour to use, a shop steward from the appropriate classification. The Company agrees to provide the shop steward with as much notice of such meeting(s) as is practicable.

Should an employee request the presence of a shop steward to attend first aid or any other non-disciplinary meeting approved by the Company, the Supervisor will endeavor to provide the employee with a shop steward from their department.

Each Union shall provide the Company with a list of shop stewards. The Unions will endeavour that there is shop steward coverage for each shift (i.e.: Day, Afternoon, Graveyard) where their members are actively employed, at a minimum ratio of approximately one (1) shop steward for each fifty (50) members.

Shop steward(s) may, within reason, investigate and process grievances during regular working hours, without loss of pay, provided such does not unduly interfere with the employee(s) work schedule. Steward(s) will obtain permission from their Supervisor, with an estimated duration, before leaving their regular duties and such permission will not be unreasonably denied.

3.05 Shop Steward(s) will be provided up to twenty (20) minutes during the new hire orientation for introduction time. One (1) Shop Steward from each Poly-Party Union may attend when new hires from their respective Union local are being onboarded.

3.06 Trainee Union Representatives - Upon thirty (30) days of written notice, the Employer will grant leave of absence to an employee requested by the Union to serve as a Trainee Union Representative. The time of the leave will be subject to departmental operating considerations. The period of the absence will not exceed six (6) continuous months, unless otherwise agreed by the Employer. A limit of one (1) Trainee Union Representative leave will be granted per Poly Party Union at any given time.

3.07 Union Representation Unpaid Leave - Employees who are acting as full-time officers or representatives of the Union or who are hired, elected or appointed to positions representing the Union, shall be granted an unpaid leave of absence to perform their duties. The Union shall give the Company notice in writing at their earliest opportunity, but not more than thirty (30) days prior to the commencement of the leave. If the individual seeking leave has a unique skill set, up to thirty (30) days would allow for the training of a replacement. If the individual is part of a larger group that share a skill set, the leave can be granted earlier. The employee will continue to accrue seniority with the employer.

Permission for leave pursuant to this Article 3.06 shall not be unreasonably denied by the Employer and such leave, once approved, shall not be interrupted by the Employer during the approved period of leave.

3.08 Union Business - Leave of absence, without pay, will be granted to employee(s) for the purpose of attending to Union business outside of circumstances described in Article 3.06, providing the Employer's work requirements will allow for such leave. The Union will request such leave by giving the Employer at least two (2) weeks' notice and such leave will not be unreasonably denied. To facilitate the administration of the clause, such request for the leave of absence will be sent to the Employee Relations representative for VSY, with a copy to the respective Trade Manager. When a leave of absence without pay is granted, the Employer will continue the Employees normal wages, subject to timely reimbursement by the Union.

Bi-annually, the Company will invoice the respective Union for wages and welfare and Pension contributions.

ARTICLE IV - UNION SECURITY

- 4.01** The Company agrees that any employee who at the date of this Agreement is a member of the Union, or any employee who hereafter during the term of this Agreement becomes a member of the Union shall, as a condition of continued employment, maintain membership in good standing. The Union shall notify the Company in writing when an employee is not a member in good standing and the Company shall terminate the employee as soon as practicable.
- 4.02** The Company agrees that when in need of additional help it shall call the Union office and give it a reasonable opportunity to supply a qualified and suitable worker(s). If the Union is unable to provide such a worker(s) within a reasonable time, the Company shall be free to hire any worker(s) of its choosing. With mutual agreement, which will not be unreasonably withheld, the company may name request a Chargehand who has been trained by Vancouver Shipyards Co. Ltd. and has previously demonstrated Supervisory experience for the project/job intended. (see Letter of Understanding re: Manpower Dispatch, Local 506).
- 4.03** All new, substitute and/or casual employees, as a condition of continued employment, shall make application within thirty (30) days to the Union for membership in accordance with the Union's Constitution and By-Laws.
- 4.04** The Union may at its discretion waive the application for Membership provided the casual employee is a member in good standing of another Union recognized by the Union signatory to this Agreement.
- 4.05** It is further agreed and understood that all employees shall, as a condition of continued employment, sign an authorization to have union dues deducted from their pay. New employees, when signing such authorization shall also authorize initiation or reinstatement fees by payroll deduction as may from time to time be established by the Union for its members in accordance with its Constitution and/or By-Laws. Deductions shall be made only at the end of the first period in each calendar month during which the said employees work. The monies so deducted will be forwarded by the Company to the Secretary of the Unions not later than the 15th day of the month following, accompanied by a statement listing the names of the employees for whom the deductions were made and the amount of each deduction.
- 4.06** Notwithstanding the provisions of Article IV, Section 4.05 preceding, and in accordance with the bylaws of the applicable Union of the Council, the Company shall deduct from each new employee an amount equal to the union dues from the employee's first payroll deposit in a calendar month and add that employee's name and said amount to the closest applicable check off, i.e. if the check off for that month has been remitted, it shall be added to the following month's check off and shown as the previous month's work.
- 4.07** It is also agreed and understood that in the case of lay off and/or reduction in the working force, all Permit Workers must be laid off before any union members in any work classification.

ARTICLE V - HOURS OF WORK

- 5.01 Day Shift** Eight (8) hours shall constitute a day's work (6:15 am to 2:45 pm). The shift ends at 2:30 pm but employees shall be paid to 2:45 pm, Monday to Friday inclusive, subject to the provisions of Section 5.02 of this Article. Forty (40) hours shall constitute a week's work.

Breaks 1st break 8:50am to 9:00am, 2nd break, 11:30am to 12:00 noon (30 minutes unpaid).

- 5.02 (a)** When existing conditions render it desirable to start the day shift at an earlier or later hour such starting time may, with the consent of the parties hereto, be made earlier but in no event earlier than 6:00 am and not later than 7:00 am. It is agreed and understood that the starting time and/or the terminating time of existing shifts may be varied by written mutual consent of the parties to this Agreement.

(b) The Company and the Union may, by mutual consent, temporarily alter normal starting and stopping times of existing shifts for specific employees.

- 5.03 Afternoon Shift** Seven and three-quarter (7.75) hours shall constitute the shift's work (3:00 pm to 11:15 pm). The shift ends at 11:00 pm but employees shall be paid to 11:15 pm. Shift differential will be \$3.25 per hour earned. Five (5) shifts shall constitute a week's work for this shift commencing at 3:00 pm, Monday.

Breaks 1st break 5:20 pm to 5:30 pm, 2nd break, 8:00 pm to 8:30 pm (30 minutes unpaid).

- 5.04 Graveyard Shift** Seven and three-quarter (7.75) hours shall constitute the shift's work (9:30 pm to 5:45 am). The shift ends at 5:30 am but employees shall be paid to 5:45 am. Breaks 1st break 11:50 pm to 12:00 am, 2nd break, 2:30 am to 3:00 am (30 minutes unpaid).

- 5.05** In the matter of shift assignment, the Company and the Unions recognize the need to maintain a mix of both trade skills and yard experience on the afternoon shift and graveyard shifts. Common practice will be followed subject to management's overall right to ensure availability of necessary qualifications, experience, and suitability of the work force. Having regard for the trade skills and yard experience required to perform the work on the shift in question, management will first canvass workers in order of seniority for volunteers to work later shifts. Should this request not gain sufficient volunteers to meet the requirements, employees with the required skills and experience will be assigned to later shifts in reverse order of seniority.

However, once management is satisfied that there is sufficient mix of skills and experience on the shift, it will assign suitable personnel who are junior in seniority when increasing the size of a shift.

The Company further understands that it will, on application, give careful and responsible

consideration to requests from employees who have pressing personal reasons that would justify their being exempt from the requirement to work on these later shifts.

5.06 Shift Changes When an employee is instructed to change shifts and that shift change does not last three (3) shifts or more, the time worked on these shifts shall be paid at double time rate.

5.07 It is the intention of the Company to continue to blow a warning whistle five (5) minutes before the end of the shift to allow employees to wash up or leave. Any abuse of this privilege by the employees shall be subject to immediate corrective action by the Company.

5.08 Hiring Every employee upon hiring shall be guaranteed three (3) shifts unless discharged for just cause, provided that, in order to fulfill either of the above guarantees, the Company may change an employee's shift without the payment of overtime, providing the employee has at least eight (8) hours' notice between shifts.

5.09 (a) Employees sent home on compensation are to be paid until the end of the shift.

(b) When an employee requires medical treatment for a compensable injury such employee shall be permitted access to such treatment.

ARTICLE VI - OVERTIME WORK AND CALL OUT TIME

- 6.01** It is understood by both parties that overtime work is not the desire of either party but is a condition peculiar to the shipbuilding and ship repairing industry. The Unions agree to co- operate to provide adequate and competent help to carry out the work which is necessary to be done on overtime.

The Company agrees to co-operate by making every effort to eliminate excessive overtime when workers are idle. When overtime work is required, the Company will distribute overtime work in a fair manner bearing in mind the nature of the shipbuilding and repair business, operational requirements, employee skills and productivity. An active list of overtime distribution will be provided to the Unions on a quarterly basis.

Time refused will count as time worked for the purpose of establishing fair distribution.

- 6.02** All hours worked in excess of those stipulated in Article V of this Agreement shall be considered overtime and be paid at the overtime rate.
- 6.03** All overtime shall be paid for at the rate of double time including double time for work done on Saturday, Sunday and Statutory Holidays.

- 6.06** **Waiting Time For Prescheduled Overtime** It is understood that uncontrollable delays and/or cancellation may occur due to inclement weather, tides, customer requirements, etc.

In the event that workers are scheduled to report and the job is postponed, such workers shall be paid:

- (a) one (1) hour straight time if postponement is greater than one (1) hour, but less than four (4) hours.
- (b) one (1) hour of overtime if postponement is greater than four (4) hours.

AND/OR

In the event the job is cancelled, workers shall be paid one (1) hour straight time rate to compensate for their waiting time.

- 6.07** Every employee called into work after the end of a normal shift, on Saturdays, Sundays, or on Statutory Holidays shall be paid double time for the hours worked with a guarantee of four (4) hours work. This does not apply to pre-scheduled overtime.
- 6.08** Employees notified to report for work on a regular shift and do so shall receive a minimum of two (2) hours pay.
- 6.09** Except as provided for in Article VI, Section 6.11, employees who start work on a regular shift shall be guaranteed four (4) hours pay.
- 6.10** Except as provided for in Article VI, Section 6.11, employees who complete the first half of a regular shift and resume work in the second half of the shift shall be paid not less than seven and three quarters (7 3/4) hours pay.
- 6.11** If for reasons beyond the control of the Company such as plant breakdown or inclement weather, it is necessary to close the yard or any part thereof, employees may be sent home and paid only for the time worked with a guarantee of two (2) hours pay provided that the employees have not been advised not to report for work by their Department Supervisors or electronic notification by at least two (2) means, one (1) of which will be the Company intranet site, and the second will be determined by the Company and may change from time-to-time. Notification will be made no later than two and one-half (2.5) hours prior to the shift start time.

When an employee is required to work more than three and one-half (3 1/2) hours overtime immediately following the regular shift, the Company shall supply a hot meal and the employee will be given a thirty (30) minute meal break which will count as time worked and be paid the prevailing overtime rate. Thereafter the Company will supply a hot meal every four (4) hours and the employee shall be given a thirty (30) minute meal break which will count as time worked and be paid at the prevailing overtime rate.

All employees working overtime for less than two (2) hours following their regular shift, will receive a ten (10) minute coffee break at the conclusion of their regular shift. In the case where employees are pre-scheduled to work more than three and one-half (3 1/2) hours overtime past the end of their regular shift, such employees shall have their hot meal supplied immediately at the end of their shift. In such cases, they will be paid for the portion of the eight (8) hours which they would have been working on their regular shift, at straight time rates.

If the elapsed eight (8) hour period results in only two (2) hours or less of their regular shift time available for work, they shall not be required to report for work on that shift, but shall be paid at straight time rates as though they had worked for the entire shift.

If, for emergency reasons, they are called in or continue to work without an eight (8) hour break, double time shall be paid for the hours worked including hours worked on their regular shift. Such call, for administrative purposes, must be authorized by the Shipyard Manager or delegate.

6.13 No employee shall be permitted to work more than sixteen (16) continuous hours, except in the case of emergency or critically scheduled projects. The Union to be informed of critically scheduled projects.
